December 6, 2004

---

An act to amend Section 52616.19 of, to add Section 52617 to, and to repeal Section 52616.23 of, the Education Code, relating to adult education, and declaring the urgency thereof, to take effect immediately.

### LEGISLATIVE COUNSEL'S DIGEST

AB 23, as amended, Liu. Adult education finance.

(1) Existing law requires, to the extent funds available for specified adult education programs are in excess of the amount needed to fund the programs, the Superintendent of Public Instruction to use the excess funds for the development of criteria for identifying programmatic areas of adult education needing expansion.

This bill would delete that requirement.

(2) Existing law requires the Superintendent of Public Instruction to develop criteria to identify programmatic areas of adult education that are in need of expansion and affords a school district an opportunity to

apply for additional units of adult education average daily attendance to meet needs in programmatic areas identified by the Superintendent. This bill would repeal those provisions.

(3) Existing law requires the Superintendent of Public Instruction to determine an authorized limit of adult education average daily attendance for all high school districts and unified school districts that operated and claimed adult education state apportionments for the 1992–93 fiscal year. Existing law provides that for the 1996–97 fiscal year, and each fiscal year thereafter, a school district’s adult education average daily attendance for apportionment purposes is its authorized adult education average daily attendance for the prior fiscal year multiplied by 1.025.

This bill would provide that, commencing in the 2005–06 fiscal year, and each fiscal year thereafter, the allocation of statewide authorized adult education average daily attendance shall be modified pursuant to a specified formula.

The bill would also make specified school districts ineligible for an authorized limit of adult education average daily attendance for apportionment purposes for the 2005–06 and 2006–07 fiscal years. The bill would declare that due to the unique situation of those school districts, a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution, and a general statute is therefore necessary.

(4) This bill would declare that it is to take effect immediately as an urgency statute.

Vote:  $\frac{2}{3}$ . Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.
